Health Service Executive Cross Border Directive: Pro-Forma Invoice

The HSE operates a Cross Border Directive (CBD), for persons entitled to public patient treatment in Ireland who seek to avail of that treatment in another EU/EEA member state under Directive 2011/24/EU of the European Parliament and of the Council of 9 March 2011 on the application of patient's rights in cross border healthcare, as per the procedures set out in governing EU Regulations and Directives and Irish legislation.

A copy of the Directive and EU Regulations are available on the website for inspection at <http://europa.eu>. Within these governing EU Directive and Regulations, the CBD provides for the cost of publicly funded healthcare in Ireland to be availed of and the costs to be reimbursed subject to compliance with the applicable administration processes adopted by the HSE in the administration of the CBD. Patients should familiarize themselves with the administration requirements of the HSE prior to availing of healthcare under the Cross Border Directive scheme (CBD) in order to confirm entitlement or otherwise to reimbursement of treatment costs. The HSE has established a National Contact Point (NCP) office for the administration of the CBD in Ireland and the contact details for the NCP are: HSE Cross Border Directive – National Contact Point, St Canice's Hospital Complex, Dublin Road, Kilkenny, Ireland, Tel: 056 7784546 or 056 7720551. Email: crossborderdirective@hse.ie
Webpage: <https://www2.hse.ie/services/schemes-allowances/cross-border-directive/>

The CBD allows patients ordinarily resident in Ireland and who require public healthcare services to be referred to and avail of such healthcare in another EU/EEA member state. It will be a matter for the patient and/or his/her referring clinician to identify the clinician abroad and satisfy him/herself in relation to the qualifications, quality and safety of the services being availed of in the other jurisdiction. Each country within the EU/EEA has established NCPs and information relating to services in each country may be accessed through these NCPs. Details of the NCPs in Europe are available on <http://europa.eu>. Funding will only be reimbursed for healthcare that is publicly available and/or funded in Ireland and which is not contrary to Irish legislation. Reimbursement will be at the cost of the treatment availed of abroad or the cost of the treatment in Ireland whichever is the lesser. Please note that in the case of inpatient care abroad, the HSE will deduct the statutory inpatient levy per day as applies as if the patient was accessing the inpatient care in Ireland (except where that maximum has already been reached within the preceding 12 months in Ireland or the patient holds a valid medical card). Healthcare in Ireland is funded through general taxation so the cost of the provision of that care is funded through general taxation plus the statutory payment the patient would have made here in Ireland.

Payments will only be made to the patient or in the case of a child his/her parent or guardian. No payments will be made to third parties. In the case of a patient's death, reimbursement of the healthcare costs will be subject to the executor of the estate providing evidence of the outstanding liability.

The invoice and receipt submitted for reimbursement must be from the providing hospital/consultant abroad. Only the cost of the medical treatment provided is eligible for reimbursement. The HSE will not reimburse an invoice from a third party e.g. a medical tourism facilitator. If you use one of these companies to organise your treatment abroad, you should be aware that all fees associated with their services are not eligible for reimbursement by the HSE.

Prior notification for all hospital care involving overnight accommodation is recommended but not a requirement.

This pro-forma invoice should be completed by you and your healthcare provider abroad in English in order to facilitate your claim for reimbursement. The aim of this form is to ensure all the information required by the HSE to process your reimbursement claim in a timely and efficient manner is provided. If the pro-forma invoice is not completed in English, the patient/applicant may be required to provide a certified translation at his/her own cost. The completed pro-forma invoice should be submitted with the healthcare provider's original invoice and the original receipt, the referral letter used to access the healthcare and proof of payment. Reimbursements will be made in line with the governing legislation and criteria for this scheme. The HSE accepts no liability for healthcare costs availed of abroad which fail to meet the governing legislation, criteria and the HSE's administration requirements. The HSE reserves the right to seek any additional documentation deemed necessary to confirm the bona fide of the reimbursement claim and/or ensure the smooth transition of the patient back to the Irish healthcare system. Please also retain some form of proof of travel to submit with your documentation.

Completion of Pro-Forma Invoice: Applicant/Patient

No liability shall attach to the Health Service Executive, its servants or agents in respect of any costs or expenses incurred by the Patient or Applicant prior to a determination by the Health Service Executive on this application and the results of such determination being communicated to the Applicant. Any arrangements made by the Applicant or Patient prior to such determination may not subsequently be ratified by the Health Service Executive.

It is recommended the patient/applicant submits a fully completed pro-forma invoice accompanied by the supporting documentation to the HSE in order to claim reimbursement for the cost of treatment. The onus is on the patient to submit all the necessary original documentation to progress the claim for reimbursement. Incomplete documentation will be returned to the patient/applicant for provision of the appropriate information prior to re-submitting to

the CBD office. We strongly recommend you print off the pro-forma invoice and take it with you to the treating facility abroad so that the treating consultant can complete it for you prior to your discharge back to Ireland.

Section A

This part of the form is to be fully completed by the patient/applicant. All parts of the section must be completed, if a question is not relevant to you please mark same N/A e.g. if you do not hold a medical card mark that section N/A (not applicable).

Where a patient is under 18 years of age or is incapacitated, the form may be submitted on their behalf by a Parent/Guardian/Spouse/Partner.

Patients seeking reimbursement for inpatient care treatment abroad must provide evidence of assessment at an outpatient consultation in person on a date prior to the date of admission for the inpatient treatment either with the consultant abroad or with a consultant treating the patient in a public capacity in Ireland.

In completing this pro-forma invoice, you must ensure the information you provide is accurate and true. Where false, misleading or inaccurate information and/or documentation is included or where relevant information is withheld or failed to be submitted, the CBD Office will reserve the right to refer the matter to the appropriate authority. If monies have been issued on the basis of false, misleading or inaccurate information and/or documentation, or on the basis of information withheld or not submitted which would have been relevant to the decision to reimburse, the HSE will pursue the immediate recoupment of same from the payee. The CBD office reserves the right to review a patient's medical chart to clarify any information as appropriate.

If you are in receipt of an income e.g. pension, salary, etc., from another EU/EEA country but live in Ireland you may not be entitled to reimbursement from Ireland. This provision extends to dependents of persons who are in receipt of an income from another EU/EEA country. You should contact the NCP of the country from which you receive the income to confirm your eligibility for reimbursement.

Section B

This part of the pro-forma invoice is to be fully completed by the patients/applicants treating clinician.

CODE OF ETHICS FOR CLINICAL CODERS

It is expected that all clinicians identifying a DRG code for the purpose of reimbursement under the provisions of the Cross Border Directive would be familiar with and adhere to the Code of Ethics for Clinical Coders. The identification of a DRG code for the purpose of reimbursement requires the clinician to be ethical and transparent in his/her selection. The selection of an incorrect code may lead to a patient being reimbursed an amount less than that applied for and confirmed at prior approval stage. Any such occurrence will be a matter for the patient to pursue with the clinician who identified the incorrect code and not for the HSE. The HSE reserves the right to have any DRG code identified and independently assessed to confirm its appropriateness, this may include our accessing the patient's medical record for this purpose. Therefore, in line with the Code of Ethics for Clinical Coders, a clinician identifying a code for the purpose of reimbursement will ensure that clinical record content justifies selected DRG code.

When the pro-forma invoice has been fully completed, please return it to the above mentioned CBD office.

Processing

Pro-forma invoices will be processed as quickly as possible and on receipt of the fully completed paperwork, the target time frame will be 30 working days. Please note that the Cross Border Directive does not provide for reimbursement of travel or subsistence costs incurred by patients.

Only healthcare accessed abroad is eligible for reimbursement. An outpatient appointment takes place on a date prior to inpatient treatment and must be in-person.

Reimbursement will be at the cost of the treatment you availed of abroad, or the cost of providing the healthcare in Ireland, whichever is the lesser. Please note that in the case of inpatient care abroad, the HSE will deduct the inpatient levy charge as if the treatment were availed of in the public healthcare system in Ireland. Healthcare in Ireland is funded through general taxation, therefore the cost of the provision of that care is funded through general taxation plus the inpatient levy that would have been charged here in Ireland. Please also note that where healthcare is provided on an inpatient basis abroad but on an outpatient basis in Ireland, the reimbursable rate will be the outpatient rate. Where the healthcare would have been provided on a day case basis in Ireland but was provided on an inpatient basis abroad, the reimbursable rate will be the day case rate. The public healthcare system is not required to assume costs it would not have otherwise assumed if the treatment had been provided in Ireland.

Where proof of the exchange rate as accessed by the applicant is evidenced in the application for reimbursement, that is the rate that will be used for calculating the reimbursement.

Orthodontic Treatment

All claims for reimbursement will be processed when the patient enters the retainer stage of their treatment. Please ensure that all the required documentation has been submitted to allow your claim to be processed. Please ensure that you obtain a proof of travel for each appointment attended abroad such as a till receipt, parking ticket, etc. Failure to provide proof of travel for each appointment may result in your application being declined for payment. If any element of the treatment is provided in the private sector in Ireland, the treatment will not be eligible for reimbursement.

No liability shall attach to the Health Service Executive, its servants or agents in respect of any costs or expenses incurred by the Patient or Applicant on this application and the results of such determination being communicated to the Applicant. Any arrangements made by the Applicant or Patient prior to such determination may not subsequently be ratified by the Health Service Executive and may invalidate the application.

In completing this application form, you must ensure the information you provide is accurate and true. The inclusion of false, misleading or inaccurate information or the omission of information relevant to the decision on reimbursement will mean the CBD office will reserve the right to refer the matter to the appropriate authority and the repayment of any reimbursement accessed will be required without exception. The CBD office reserves the right to review a patient's medical records to clarify any information as appropriate. I accept that in the event of the submission of false, misleading or inaccurate information or documentation or the failure to submit relevant information for the purposes of seeking reimbursement from the HSE, that the claim will be disqualified for any further consideration and that all outstanding costs will be a matter for myself.

In submitting this Pro Forma Invoice (complete or incomplete), I the undersigned give my permission for my medical records or other clinical information to be accessed and copied for the purposes of processing this claim by the HSE. I understand and accept my clinical information can and may be provided to other hospitals, healthcare facilities or clinical advisors in the assessment of the reimbursement claim. In signing my name hereunder, I acknowledge and accept this position and give my consent for same.

I declare that the above particulars are true and correct. I am aware that reimbursement is based on the information provided by me and that any additional information coming to light may impact on the monies reimbursed and I will be liable to repay any monies secured by me on the basis of incorrect, misleading or omission of information.

I also agree to notify and arrange to refund to the HSE immediately should I receive any refund from the provider or any other party e.g. insurance provider in respect of the treatments for which the costs were reimbursed to me by the HSE. Such reimbursement will be due to the HSE without delay and in the case of undue delay, I understand that the HSE may seek interest on monies due.

This section should only be completed if you are making a claim for compensation for your injury from a third party.

Is the patient a victim of a road traffic incident or other accidental injury? Yes No

Is there a claim for compensation against a third party? Yes No

If yes, please provide the details of your solicitor:

Solicitors Name (acting for the patient)

Solicitors Address

Please note that solicitors who are making a legal claim for compensation on behalf of victims of road traffic accidents or other accidental injuries are required to include in the claim the cost of treatment received outside the state, as provided by the HSE Cross Border Directive, resulting from the road traffic accident or accidental injury.

However, please note that it is the patient who is obliged to make sure that the treatment costs provided by the HSE under the Cross Border Directive are reimbursed to the HSE. Unsuccessful claims must be brought to the attention of the HSE Cross Border Directive.

I agree to repay to the HSE the gross amount of the money spent by the HSE when the claim I am pursuing against a third party has been finalised.

Applicant's Signature: _____ Date: _____

Signature is required where the patient has been a victim of a road traffic accident or other accidental injury and a claim for compensation against third party is/will occur.

SECTION B - (to be completed in full by the treating clinician abroad)

The treating clinician must fully complete Section B and provide sufficient information including details of the treatment provided to the patient. Reimbursement of healthcare is based on the evidence of the medical necessity which has been appropriately demonstrated.

Applications for reimbursement must be accompanied by a copy of the referral letter from the referring clinician to the accepting clinician. In the case of a reimbursement for inpatient or day case treatment, evidence of the outpatient consultation which took place on a date prior to the inpatient or day case procedure and at which the medical necessity was determined must also be included for the purposes of reimbursement.

The onus is on the treating/referring consultant to seek, provide and certify the answer to each question in Section B.
